

MINUTES OF THE ANTHROPOLOGY GRADUATE STUDENT ASSOCIATION
MEETING

5 December 2008

Melissa L. “Kiki” Ka’akau-Delizo, Secretary

Summary of Proceedings and Decisions

I. Michelle and Adam are developing a proposal to have a professional development series that would focus on identification of human remains. We’ll keep you posted.

II. GSO

The assembly approved the budget for spring. For our color group, a little over \$1,000 will roll over to the spring semester. This would cover conducting or presenting research, or for professional development. You must apply by the 15th. See Shanna for all the details.

III. T-shirts

Maggie advises you all get your orders in!

IV. Budget

We have \$364.32.

V. The faculty wants some feedback regarding changes in the Anth 695 (Professional Development) curriculum. Any thoughts on the matter should be in writing and submitted via Dr. White’s box in the office.

*This was the last AGSA meeting of the semester and we appreciate all the input and assistance, especially from the new students. Don’t forget the departmental party on the 12th, and have a safe, enjoyable holiday season!
